# JEN'S 'LOSE 10 LBS IN 10 DAYS' PLEDGE!

## Fertility drugs are piling on the weight

**N**EWLYWED Jennifer Aniston is packing on pounds from fertility drugs – and is diving into a crash diet.

“Jen returned looking a little heavier than usual following her Bora Bora honeymoon with new hubby Justin Theroux,” a source close to Jen told *The National ENQUIRER*.

“It’s her last chance of trying to get pregnant. If she has to gain a few pounds to try and have a baby, she’s not going to let it stop her.”

Since returning to work on her new movie, “Mother’s Day,” Jen’s been on a strict diet and exercise regimen, said an insider. Her pledge: “No alcohol, no carbs, no processed food, no sugar.”

“She’s determined to lose 10 pounds in 10 days to look good for filming,” said the insider, adding the actress, 46, exists on veggies, fruits and lean meats. “Jen stays away from starches and refined carbs because they can affect your body’s ability to process estrogen, which can cause bloating.”

While Jen’s eating healthier, she’d rather be eating for two, confided a source.

Added the insider: “She put on a little weight for her role in ‘Cake,’ so now she doesn’t have a problem with it, especially if it will give her and Justin the baby they’ve wanted for years.”

# Keith's shock at Nicole's **SECRET SEX JOURNALS**

He found them in a trunk while she was working in London

**K**EITH Urban is reeling after learning that wife Nicole Kidman kept secret diaries – detailing her relationships with other men!

The country singer, 47, stumbled on his wife's private journals – describing her innermost thoughts – at their Nashville estate while Nicole performed her new play, "Photograph 51," in London, thousands of miles away.

"Keith was totally shocked by what he read," said a close pal. "Afterward he felt so guilty, he called Nicole to confess."

"It's caused a lot of tension because the journals contain things that she never intended Keith to know."

The Aussie actress, 48, also

reflected on their nine-year marriage, including fears of Keith cheating and her agony when he got cozy with fellow "American Idol" judge Jennifer Lopez last year, sources said.

"Nic went through hell over Keith and J.Lo's flirty behavior," said the friend.

"It came at a time when they'd been spending time apart. She had nightmares that Keith would betray her."

Nicole, who has two daughters with Keith, also detailed her bid to have a baby boy.

"She'd give anything to get pregnant one last time and have a son," divulged the source. "They have tried everything, including IVF, to make it happen ... and she knows she is running out of time."

Nicole even wrote about her relationship with Connor and Isabella, the kids she adopted with ex-husband Tom Cruise.

"Things are improving but she feels she's missed out on them

growing up because they lived with Tom," the source said.

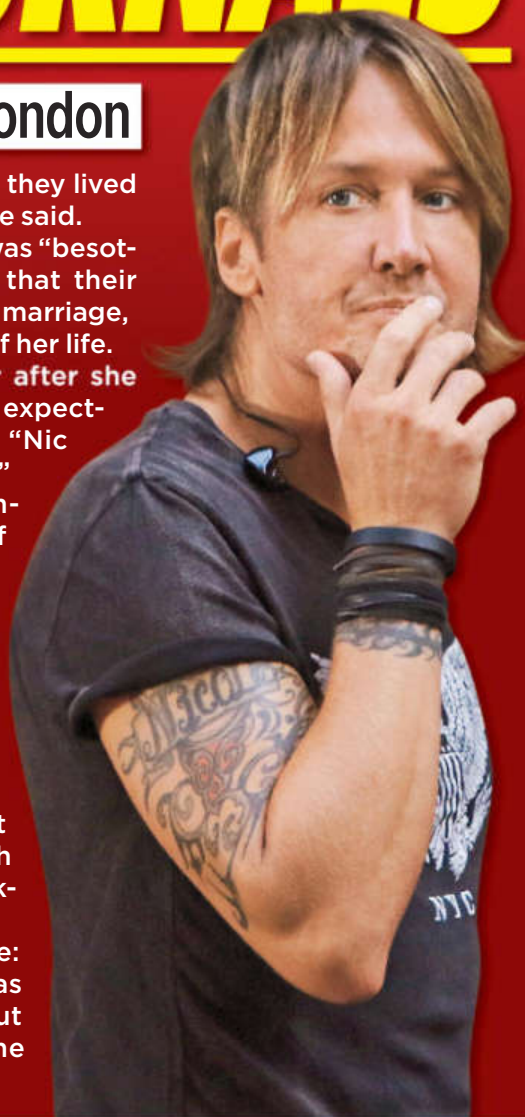

She admitted she was "besotted" with him, and that their split, after 11 years of marriage, was the worst time of her life.

"Tom dumped her after she lost a baby she was expecting," said the pal. "Nic never saw it coming."

Nicole found comfort in the arms of her friend Russell Crowe, who was on a break from then-girlfriend Danielle Spencer. "He was what she needed," said the source.

Nicole also embarked on a wild but brief romance with Lisa Bonet's ex, rocker Lenny Kravitz.

Added the source: "Keith knows it was wrong to look, but temptation got the better of him!"

## *Aging Madonna terrified of becoming immaterial girl*

**M**ADONNA is giving up her quest for the Fountain of Youth and finally accepting the grim fact that she is getting older.

The 57-year-old icon has tried everything she could think of to win her decades-long race against time.

But now the Material Girl is seeing a Manhattan therapist in an effort to come to grips with aging.

"She is worried about becoming irrelevant," said a source.

"Madonna can't stand the fact that she is almost 60."

"Her daughter, Lourdes, keeps telling her mom it just makes her look older when she tries so hard to look younger, but Madonna doesn't want to hear it," tattled the source.

"She dresses more like a teen with each passing day."

Madonna is particularly self-conscious about her hands and often wears gloves to conceal them.

"She knows they age her," the source said. "But no matter how hard she tries to stop the hands of time, it's never enough." **NE**

# BOBBI KRISTINA'S KILLING CAUGHT ON TAPE!

**A** MYSTERIOUS videotape and soiled clothing have surfaced in the \$40 million lawsuit over the tragic death of Whitney Houston's daughter, Bobbi Kristina Brown – and the bombshell new evidence could blow open the criminal homicide investigation, The National ENQUIRER has learned.

The sensational disclosures come directly from Bobbi Kristina's hot-tempered boyfriend, Nick Gordon, who made the shocking revelation in a legal response to the wrongful death suit filed against him by her estate.

A top expert told The ENQUIRER that Gordon's admissions could put him in deep trouble as the criminal investigation heats up!

**Violent  
lover changed  
clothes right after  
their TRAGIC  
FINAL FIGHT**

In new filings on Sept. 8 in Superior Court of Fulton County (Ga.), Bobbi Kristina's self-styled "husband" vehemently denied killing her, saying it's "frivolous" and "untrue" that he beat her and then gave her a "toxic cocktail rendering her unconscious" – as her family contends.

But he admitted arguing with Bobbi

Kristina before she was found in a water-filled bathtub on Jan. 31. She died six months later.

Gordon revealed that after returning from a night out, "he reviewed video footage and then had an argument with Ms. Brown, and he then changed clothes."

World-renowned private investigator and former NYPD homicide detective Bo Dietl told The ENQUIRER it's shocking that Gordon's lawyers would acknowledge the wardrobe change.

"That sounds very strange – the part about changing clothes," Bo said. "Obviously, (the reason) could have been the blood splatter on his clothes when she got her tooth knocked out – that could be

## Shocking tell-all could put SEX SICKO CLINTON IN PRISON!

**B**ILL and Hillary Clinton could soon be serving time in side-by-side jail cells!

Only weeks after The National ENQUIRER reported how Hillary Clinton's email flap will likely put her behind bars, the author of a new tell-all has claimed husband Bill could be right behind her!

The book, "The Clintons' War on Women," re-

veals shocking details about the former president's harrowing history of sexual assaults on nearly a dozen victims, charges Clinton has denied.

Authorities may now finally have the smoking gun to nail Slick Willy!

"We're talking about incidents where Bill Clinton has literally jumped on female victims, attacked and in some cases raped them," co-author

Robert Morrow, a political researcher and Clinton expert, exclusively told The ENQUIRER. "In three cases, he violently bit his victim's lip, almost as if to show her what would happen if she ever spoke about what had taken place!

"I don't know the statute of limitations in the jurisdictions where each of these crimes occurred, but I think Bill certainly has cause to worry!"

# MURDERER IN THE FAMILY

The case against Gordon continues to get stronger

a reason to change your clothes.”

The seasoned gumshoe said he was also curious about the video footage Gordon saw, raising the possibility the home was equipped with many indoor surveillance cameras.

“If they had these cameras going, they may have actually captured video of him assaulting her!” Bo said.

Gordon was the last person known to be with Bobbi Kristina while she was alive, but there were two other friends in the home on the morning she was found.

Bobbi Kristina’s close friends have told The ENQUIRER they believe Gordon was responsible for her death because she was about to dump him and pursue a music career in California.

—DOUGLAS MONTERO

According to the book, the former Horndog-in-Chief’s history of rape and sexual assault dates back to 1969 when he attended Oxford University in England.

The crimes he’s allegedly committed include:

■ Miss America 1982, Elizabeth Ward Gracen, has denied reports Bill raped her in Little Rock in 1983 while he was governor. But the book describes how she confided to best pal Judy Stokes the rape had, indeed, occurred!

■ While forcing himself on campaign volunteer Juanita Broadrick twice

in a half hour during the 1978 Arkansas gubernatorial campaign, Bill chillingly told her, “My God, I can do that again!”

■ After Bill assaulted campaign staffer Kathleen Willey in the Oval Office in 1993, one of Kathleen’s cats was stolen, another was killed, a skull

was left on her porch, her car was vandalized, her kids were threatened and someone tried to steal her dogs from a kennel.

Kathleen told the book’s authors: “They subjected me to a campaign of fear and intimidation, trying to silence me.”

These shocking revelations

WHILE Nick Gordon is the focus of a probe into the death of Bobbi Kristina Brown, The National ENQUIRER has learned exclusively that his uncle committed a brutal murder 21 years ago.

The chilling revelation exposes the violent secret past of the Gordon family.

“They have a history of run-ins with the law,” a source familiar with Gordon family history told The ENQUIRER.

“It just goes to show you the history of the men in the Gordon family and their personalities.

“They were known ... for being in trouble.”

Nick’s maternal uncle Robert Gordon Jr. is serving a sentence of 30 years

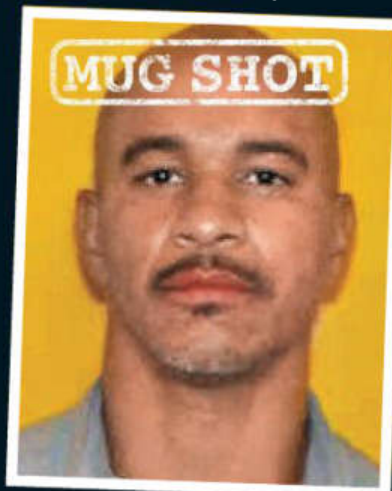

to life for the Oct. 2, 1993, murder of grocer Mouayad Gammo during a botched robbery, according to court records.

Robert Gordon and an accomplice entered the Target Market convenience store in Toledo, Ohio, and shot Gammo.

Gordon, then 25, surrendered and pleaded guilty to murder and robbery on Oct. 31, 1994, according to court documents and official records from the Ohio Department of Corrections.

A source told The ENQUIRER that Nick’s grandfather, Robert J. Gordon, is ultimately to blame.

“Nick’s granddad had a very strong, dominant personality that was very disturbing,” the source said.

The Inspector General for U.S. Intelligence has since discovered at least two of those emails included classified information. **NE**

# Nick Nolte's DEATH WISH!

**N**ICK Nolte may literally be "Down and Out in Beverly Hills" – top docs said he has only six months to live!

Recent photos of the disheveled 74-year-old actor indicate he might be suffering from severe liver disease – which if left untreated could kill him, renowned physician Dr. Stuart Fischer told *The National ENQUIRER*.

"He looks God-awful!" declared Dr. Fischer, who reviewed photographs of Nick taken at the Malibu Kiwani's Chili Cook-Off on Sept. 6.

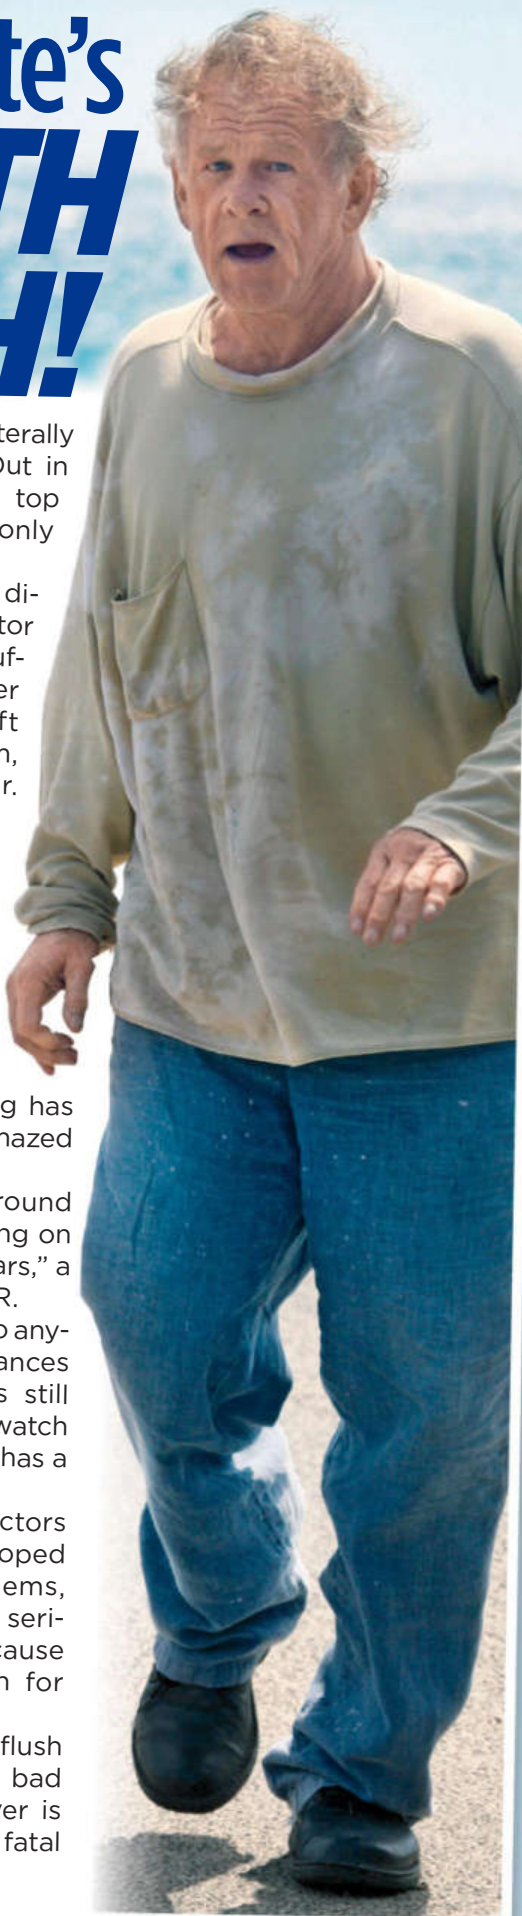

A lifetime of hard living has the star's close friends amazed he's still alive.

"Nick always jokes around about how he's been living on borrowed time for 20 years," a friend told *The ENQUIRER*.

"But he just refuses to do anything to improve his chances of sticking around. He's still drinking, he still doesn't watch what he eats – it's like he has a death wish!"

Another friend said doctors have told Nick he's developed kidney and liver problems, "but it's hard to tell how serious they've become because no one can drag him in for follow-up visits."

Dr. Fischer said Nick's flush face and red nose are a bad sign. "Cirrhosis of the liver is an irreversible, potentially fatal disease," he added.

**O**N THE big screen, he played the all-American teenager, Andy Hardy. But in real life, Mickey Rooney was a philandering booze-hound with a sick taste for underage girls!

He was also a compulsive gambler whose fondness for the ponies might have – if not for his fame – earned him a pair of cement shoes!

Those bombshell revelations appear in the upcoming book, "The Life and Times of Mickey Rooney," and *The National ENQUIRER* has an exclusive sneak peek!

More shocking disclosures about Mickey, who died at age 93 in April 2014, include:

■ Even in his early 20s, Mickey was the complete opposite of the aw-shucks character that made him famous.

■ Execs at MGM Studios knew Mickey's secrets, and were desperate to keep the public from learning the truth about their top-earning star!

■ The studio paid a PR man to shadow Mickey and keep his sleazy antics out of the gossip columns.

■ Just one month after Mickey's honeymoon with first wife Ava Gardner, the 19-year-old sex siren discovered he'd seduced another woman in their marital bed. She had been recuperating from an inflamed appendix in the hospital at the time.

**AVA LATER SAID:** "He was just a lecherous sod who loved getting his rocks off."

To make up for his cheating, Mickey bought Ava a huge diamond sparkler. But a week later he demanded that she give the rock back to pay off his bookies!

Their marriage all but ended when actor Peter Lawford told Ava that Mickey had slept with a 15-year-old girl.

# MAN CRA FOR & H

## Bizarre sexual a

"I liked him but he was a terrible gossip," Ava said of Peter. "It was a mistake to tell Peter Lawford anything."

According to the book, famously hard-drinking Ava didn't start hitting the hooch in earnest until she discovered Mickey was a serial cheater!

When Ava was set to file for divorce, legendary Hollywood fixer Eddie Mannix "chillingly" told her to keep her mouth shut about Mickey's bed-hopping, threatening, "You'll be finished at this studio" and movies in general.

The actor's second marriage, to Betty Jane Rase, was no better, ending when Betty – pregnant with Mickey Jr. – burst into his dressing room to find Mickey engaged in a sex act with then 14-year-old Elizabeth Taylor!

Mickey, with Ava at left, liked "Little Women" such as underage Liz Taylor, right

A. Lertzman and William J. Birnes, also wrote that MGM helped fund a tony Hollywood brothel, where the working girls were surgically altered to resemble famous actresses.

Mickey's first visit came courtesy of famed comic Milton Berle, but he enjoyed himself so much that he became a regular!

"It was amazing," Mickey said, per the book.

"Every girl looked like a film star. Clara Bow, Jean Harlow,

Greta Garbo, Norma Shearer. They were dead ringers."

**MICKEY WAS** also in constant hock to his bookies, and even sparked the ire of the mob several times!

Recalling a 1949 jaunt to Las Vegas, actor Wally Cassell said: "Mickey blew about five grand and he couldn't cover his markers ... well, these weren't the type of guys he could screw with.

"Mickey was flat broke. So

I got the markers back for him after I talked to the boys. They knew who he was, and it would be bad business for them to go out and put Andy Hardy in a cement block."

But, per the book, Mickey didn't learn his lesson! In 1957, he lost over

\$50,000 at the mob-backed Riviera Casino in Las Vegas, and cursed out the audience during a performance there.

A year later, hotel boss Gus Greenbaum, "who took the blame for Mickey's actions," was found decapitated with his wife in Arizona.

"Countless people who have

met Mickey have found his behavior reprehensible," said the book's authors.

"He could be not only crude and vulgar, but also a quarrelsome drunk; a shameless womanizer, especially when he was chasing underage girls; and a reprobate who spent too much time on the phone with his bookies.

"Was it possible ... the only real Mickey Rooney was the guy who was on for the audience, on for the camera, or on for each of his wives and friends - until he was off?

"Was there no real person inside the created character that was Mickey Rooney? Simply put, was the secret of Mickey Rooney that there was no Mickey Rooney?" **NE**

# SUPERFLY ON THE ROPES!

**Wrestling monster may finally face justice over the 1983 *murder of his lover***

**H**E MAY have avoided prosecution for the vicious beating death of his girlfriend over 30 years ago – but the relentless efforts of the victim's sisters may finally put Jimmy “Superfly” Snuka down for the count!

The wrestling legend was the lone suspect in

the crime after he found Nancy Argentino, 23, unconscious in their hotel room in Allentown, Pa., in 1983.

She'd suffered a traumatic brain injury, and her sisters also saw massive bruises on Nancy's body before she was buried. But prosecutors failed to charge Snuka, citing a “lack of forensic evidence.”

“We heard about back-room deals with prosecutors,” Nancy's sister Louise Argentino-Upham, 52, told *The National ENQUIRER*.

“No body wanted to pursue this except us.”

Stunningly, Snuka had been arrested four months earlier for dragging Nancy by the hair

down a hotel hallway, but he walked away with a fine.

“The next time, no one was there to help her,” said Nancy's other sister, Lorraine, 60.

“After the murder, a lot of girls called and said he'd nearly beaten them to death, too!”

In 1985, Nancy's family won a \$500,000 wrongful death suit against Snuka, but never collected because he said he didn't have the money.

Then came years of silence – until his book came out.

In his 2012 autobiography, *Snuka* – now 72 and battling stomach cancer – admitted his life was “crazy,” and detailed his cocaine and steroid abuse and battles with women.

“It infuriated us because he had the audacity to say she (Nancy) ruined his life,” Louise said.

In reaction, the sisters worked on a 2013 book, “Justice Denied,” to set the record straight. All proceeds go to a charity for battered women.

Then two years ago, a local

## ENQUIRER EXCLUSIVE

newspaper article marking the 30th anniversary of Nancy's death revealed the findings of her autopsy, which had been withheld from the public because the case was considered “open.”

“It clearly stated that Nancy was the victim of foul play,” said Lorraine.

The sisters peppered the new district attorney with calls and letters, demanding Snuka be arrested. They pointed to the previously ignored report and his written admissions.

On Sept. 1, a new grand jury indicted Snuka on third-degree murder and manslaughter charges. The former pro wrestler faces 20 to 40 years behind bars.

“I hope they send him to jail,” Lorraine said, “before God sends him to hell!” **NE**

Could Daryl be giving healthy bones the boot?

# DARYL IN THE DUMPS!

Broken foot & health *woes taking their toll*

**D**ARYL Hannah could, shockingly, be limping her way to osteoporosis, The National ENQUIRER has learned. On the heels of a broken foot – no pun intended – Daryl, 54, needed to lean heavily on rocker beau Neil Young during a recent stroll to the tony Malibu Country Mart.

As these images reveal, the “Splash” star and 1980s sex icon paired a Swedish Hasbeen sandal with a fracture boot – perhaps evidence of brittle bones.

“If a woman her age came into my office with a foot fracture, I would certainly screen her immediately for osteoporosis,” Dr. Stuart Fischer, who is not treating Daryl, told The ENQUIRER.

“It can happen to anyone and be a matter of genetics, diet or simply the luck of the draw. In Daryl’s case, (with) the timing of her injury and in the context of menopause, it certainly would raise eyebrows and be suspicious – although not diagnostic.”

# TONI SLASHES DRAGON SHOCK TELL-A

## Tennille dishes on ‘sad’ marriage to ‘Captain’

**L**ONGTIME fans of Captain & Tennille will learn the shocking truth about how love couldn’t keep them together – as Toni Tennille prepares to spill the troubling secrets of her emotionally abusive marriage!

“Toni’s writing her autobiography to let women know it’s never too late to find happiness,” a pal told The National ENQUIRER.

As Toni approached her 75th birthday, the beloved performer realized she needed to move on from her relationship with husband Daryl “Captain” Dragon, said the source.

“They had a complex, somewhat secretive life – with Toni often feeling alone while Daryl withdrew into his own world,” revealed the insider.

“Daryl’s moody, and he would go on about crazy government conspiracy theories, which drove Toni nuts!

“Then he would shut Toni out for days, leaving her sad and alone. Her life became intolerable!”

In 2008, Daryl underwent double knee surgery and began to suffer tremors. The following year, Toni revealed that Daryl had a mild form of Parkinson’s.

“Daryl didn’t want to go out in public and be seen using a cane,” her pal told The ENQUIRER.

and Doris Day is in the works - if Clint can coax Doris out of retirement!

"Clint made overtures to getting Doris to star with him in a picture," a source told The National ENQUIRER. "Doris has always liked Clint. She's always wanted to work with him, and she likes his sensibility and his style."

But the 91-year-old Doris said she might not be able to keep up with a fast-paced Western, which is what the 85-year-old Clint wants to make. Instead, the Doris Day Animal Foundation and Doris Day Animal League

founder has a pet cause in mind!

"Doris told Clint she would do a picture with him only if it could benefit the animals," said the source.

"The film must have an animal theme. It either has to be about a family that cares for animals, or the studio that releases the film has to give back to the animals."

Clint, who presented the Cecil B. DeMille Award to good pal Doris at the 1989 Golden Globes, said he would finance the picture through his production company, Malpas Pro-

ductions. He even suggested the film be shot on-location to feature Carmel - where he was once

mayor!

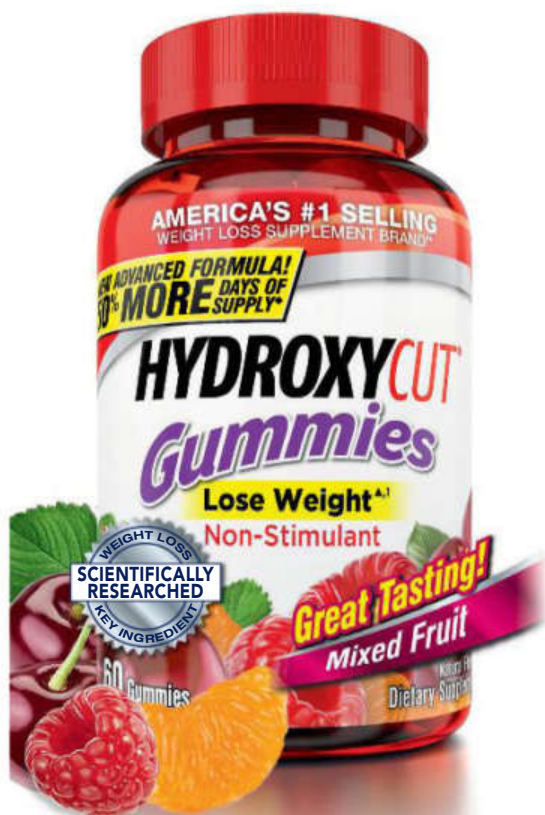

"Doris told Clint that she can't get around like she used to and would only go on the set if the picture were shot locally," the insider told The ENQUIRER. "Clint has been thinking it over and wants to make it work."

Since Doris retired from the movie business, she often reflects on the most important times of her life. Clint is always there amid those memories, according to the source, who said: "Doris has always vowed to make a movie with Clint. She is serious, and she told him, 'It's now or never.'" **NE**

World War II  
Spitfire pilot  
Joy takes to  
the skies one  
more time

## STILL BLAZING A TRAIL ... AT 92!

**M**ORE than 70 years after her final mission as one of England's elite female World War II pilots, Joy Lofthouse got the chance to soar once more!

Joy, 92, climbed into the cockpit of the iconic Spitfire plane, and then sailed through the skies over England.

"It's incredible to be in a Spitfire again after so long," gushed Joy. "It's the nearest thing to having wings of your own and flying."

Joy took to the air for the 70th anniversary of VE Day, which marks Germany's surrender to the Allied forces in 1945. During the war, she was one of 164 women in a group of pilots in the Air Transport Auxiliary, also known as the "Attagirls." The group delivered

over 308,000 military aircraft from factories to airfields for fighter pilots, and returned their planes for repair.

"In many ways we were trailblazers for female pilots in the RAF (Royal Air Force)," Joy said. At times, the Attagirls had just 30 minutes with a handbook to learn how to fly the aircraft they were charged with delivering to the front lines and bringing home. At one point, losses were so great the casualty rate hit one in six of the women.

"The weather was our biggest enemy. There were a couple of times when I thought I'd lost one of my nine lives," revealed Joy, who was trained to fly 38 different kinds of aircraft.

Of riding the Spitfire again, she said: "It made me feel quite young!" **NE**

What in the world is happening with Val Kilmer ("Dying Kilmer's Getting Scary," Aug. 31)? He looks abnormally skinny and pale, and barely resembles the actor I loved in "The Heat" and "Tombstone." Clint weighed 622 pounds at his heaviest – before using Kirstie's weight-loss program

# KIRSTIE NEARLY KILLED ME!

## Alley's weight-loss system blasted

**C**OLDHEARTED Kirstie Alley ditched her No. 1 fan – after her weight-loss products triggered his life-threatening health woes, The National ENQUIRER has learned.

Once morbidly obese at 622 pounds, Clint Brown credited the “Fat Actress” star’s Organic Liaison system with helping him shed more than 300 pounds.

“Kirstie saved my life!” a grateful Clint, who’s 6-foot-4, told The ENQUIRER in March 2013.

“Because of my weight, I’d been on disability at age 25, oxygen at 28 and in a power chair at 30.

“Kirstie gave me the inspiration and all the diet and weight-loss tools to start a new life.”

The actress, 64, provided him with a dietician who put him on a 2,000-calorie-a-day diet, an exercise program and a regimen of three Organic Liaison products – Release Me, Rescue Me and Nightingale.

But now Clint claims he under-

went surgery after developing gallbladder stones that doctors blamed on his rapid weight loss and excessive calcium – a key ingredient in Release Me.

“After I told Kirstie’s people that I’d been told to stop taking Release Me, it got ugly,” Clint, 39, of Lexington, Ky., recently told The ENQUIRER.

“One of her assistants called me and said, ‘You tell everybody we’re not to blame for your health problems!’

“I never heard from Kirstie again. I felt abandoned. That hurt.”

Depressed, Clint ballooned to 500 pounds. Since then, he’s put himself on a 2,500-calorie-a-day diet, and resumed exercising.

Clint – a transgender who’s also taking feminizing hormones – now weighs 370 pounds and has told The ENQUIRER that Kirstie’s program, now marketed by Jenny Craig, is just a gimmick.

## ELVIS’ DAUGHTER RAGES AS THE WO

**A**FURIOUS Lisa Marie Presley exploded in rage after her late father Elvis’ purported secret “love child” daringly moved into his beloved Graceland to lay claim to the \$550 million Presley family fortune!

In a bombshell world exclusive, only The National ENQUIRER was on hand to snap the first photos of the woman – Lisa Johansen – taking over Lisa Marie’s famed former home.

“This is Lisa Marie’s worst nightmare come true! She’s absolutely sick of this woman claiming to be Elvis’ real daughter,” a Presley family source told The ENQUIRER.

“The fact that Lisa Johansen had the guts to show up at Graceland – the mansion where Lisa Marie spent her childhood and lived through her father’s tragic death – is sickening to Lisa Marie!

“She snapped to a friend, ‘How dare she!’” the source revealed.

“Lisa Marie doesn’t want

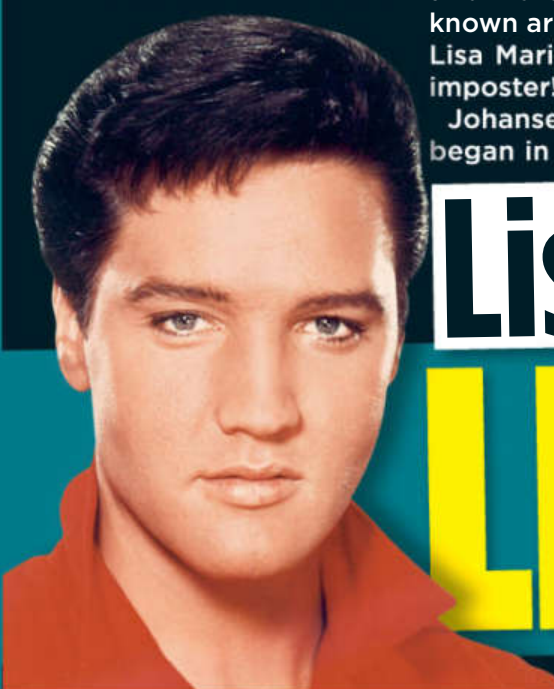

Graceland

this woman anywhere near Graceland – or have her further attempt to destroy her memories of her father!”

The ENQUIRER revealed in a blockbuster special report last year that Johansen – a married mother of four with a law degree living in Fort Lauderdale, Fla. – was bidding to oust Lisa Marie from the King’s estate.

**IN AN OUTRAGEOUS** claim that infuriated both Lisa Marie and her mother, Priscilla Presley, Johansen claimed she had proof she is Elvis’ real daughter – and that the woman known around the world as Lisa Marie was, in fact, an imposter!

Johansen’s legal battle began in 2011, when she ▶

named Priscilla as a defendant in a \$130 million civil lawsuit, claiming the woman now known as Lisa Marie replaced her in a complex, bizarre and secretive child-swap at age 9.

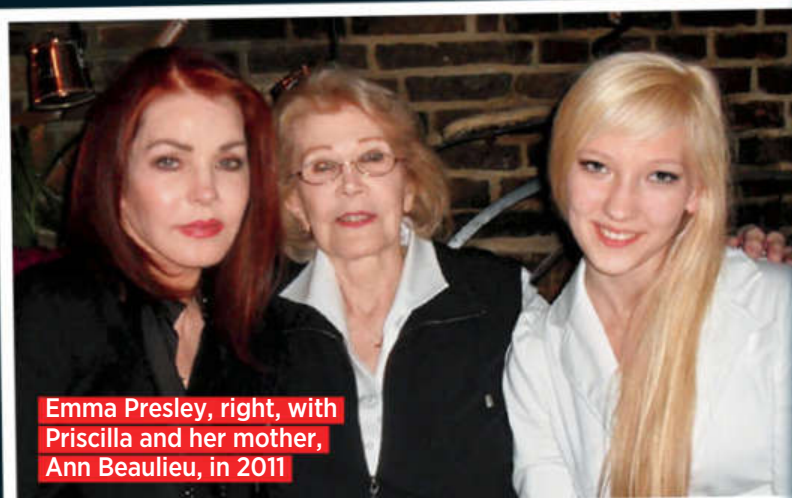

While the case was dismissed, Johansen is considering an appeal.

Johansen said the hidden switch was made for security reasons after Elvis' death on Aug. 16, 1977, when she was spirited away from his gated, 13-acre estate in Memphis, Tenn., to Scandinavia.

While in Sweden, she was replaced by an imposter, Johansen claimed. That young lady - now known by the name Lisa Marie - grew up in the public eye, maturing into a rebellious teen who went on to marry Michael Jackson, as well as three other men.

**WHILE LISA MARIE'S** lawyers have blasted Johansen as "delusional" and making "malicious claims," The ENQUIRER has exclusively reviewed some of the "proof" of her true identity: a set of candid photos that appear to depict an ongoing relationship between Johansen and her family and members of the Presley clan.

One photo shows Johansen with Priscilla's late brother, Tom Beaulieu, while another

shows Johansen's children with Priscilla and her mother, Ann Beaulieu. A third photo shows another Johansen child with Benjamin Keough, 22 - the son of Lisa Marie, 47, and her first husband, Danny Keough.

As The ENQUIRER reported, Johansen said she was born Feb. 1, 1968, to "Priscilla Ann Beaulieu and Elvis Aaron Presley," and described her childhood at Graceland as a "fairy tale with my father as the king and myself as the

pampered princess."

After Elvis died, she described placing a baseball glove in her father's casket. But she said she remembered little after the funeral until Priscilla spirited her off to Europe.

While in Sweden, Johansen claimed that Priscilla told her she was going to live with a foster family, and warned her not to tell anyone her true identity for her own safety.

"You will be called Sari - Sari Rosenquist," she claimed Priscilla told her. At first, Johansen said Priscilla would call to check on her, but as the years passed the contact became less frequent.

**NOW, IN A** stunning new development that has rocked Lisa Marie to her core, Johansen made a secret pilgrimage to Graceland on Aug. 14, walking through the mansion, and laying flowers on the King's grave in honor of the 38th anniversary of his sudden death.

"It was highly emotional

for Johansen as she went through the house," an eyewitness told The ENQUIRER.

"She became overwhelmed - as if she had 'moved into' Graceland."

Johansen later told The ENQUIRER: "Being there, so many memories came rushing back to me in a flood of emotions. I could barely hold back my tears.

"My father's estate has been hijacked, and his last will is being violated. I will never go away or stop telling the truth. My father taught me better than that," she added, angrily.

"I am absolutely confident that I will right this wrong. Every single Elvis fan is the victim of a scam because I have not rightfully been declared as his child."

Explained the family insider: "When spies later told Lisa Marie that Lisa Johansen went to Graceland, it made her blood boil.

"She's sick of this woman claiming to be her - and now going to Graceland." **NE**

# DONALD TRUMP IN HIS OWN WORDS

**THREE** weeks ago, *The ENQUIRER* launched a blockbuster multipart series written exclusively for our readers by Donald Trump. In this issue, the real estate mogul and “Celebrity Apprentice” creator – who’s running for the White House – makes his move to the heart of the Big Apple, is hit by tragedy and finds remarkable success.

I MADE my big move to Manhattan in 1971, renting a studio apartment on the Upper East Side. The place looked out on a water tank. I jokingly referred to it as “my penthouse.”

In 1976 I met my first wife Ivana, who gave me three wonderful children – Donny, Eric and Ivanka.

A few years later, my Trump Organization purchased the old Commodore Hotel on 42nd Street. Half the building was in foreclosure. But I proposed creating a 1,400-room hotel. The Grand Hyatt opened in 1980.

It was the same year my big dream came true. Chase Bank provided financing for the construction of my flagship 68-story Trump Tower on Fifth Avenue.

After gambling was legalized in Atlantic City, I rolled the dice on a casino, Trump Castle, and in 1986, we grossed \$226 million. But after that success, something terrible and unexpected happened.

On the morning of Oct. 10, 1989 I went to the Plaza Hotel in Manhattan to host a press conference. Three of my top executives sat next to me – Stephen F. Hyde, Mark Etes

and Jonathan Benanav. After the press conference they were going to Atlantic City in a helicopter.

I almost went with them for the 45-minute flight, but decided there was too much to do in the office that day.

About an hour-and-a-half later, a call came telling us the chopper had gone down on the Garden State Parkway. All three were killed along with the pilot and co-pilot.

On top of that, Ivana and I divorced after 12 years of marriage.

I learned life is fragile. Noth-

ing can protect you from life’s tragedies.

When my marriage to Ivana went stale after 12 years, I married Marla Maples in

**1986**

Donald was instrumental in the improvements to Central Park’s skating rink

1993, which also didn’t last. And I faced a rough financial crisis – in fact, I was in debt for billions!

What saved me was what separates winners from losers – you can’t panic and you have to be confident as you face the world each day. And, deep down, you can’t be too cocky.

I had to face my challenges and make tough decisions under the glare of a white-hot spotlight. But I would come back even bigger and find even greater love.

My partner is my exquisite wife Melania. Despite her great beauty, she is a very calm and soothing person who has brought a sense of stability to my very turbulent life. I am lucky to be with her!

And I am thankful for my children – my kids are the greatest!

I also created the TV hit “The Apprentice” with the catchphrase, “You’re fired!”

Total strangers walk up, point their fingers at me and say: “You’re fired!” Then they laugh like crazy and announce to their companions: “I just fired The Donald!”

I love hosting the show, and it doesn’t feel like work.

If you want advice, here it is: Follow your own path, because it will bring you to the places you were meant to be. And look at the big picture – think on a big and grand Trump scale!

And I guess there’s one thing left. I’m amazed by how often people ask me whether or not I wear a hairpiece.

The answer, for the record, is emphatically and categorically “NO!” My hair is 100 percent mine. No animals have been harmed in the creation of my hairstyle! **NE**

# 'HELL'S KITCHEN' CHEF LOSES 455 LBS

**After 3 heart attacks, Robert Hesse decided it was time to take action**

**C**HEF Robert Hesse, who appeared on "Hell's Kitchen," is a quarter of the man he used to be after losing a whopping 455 pounds – and likely saving his life in the process!

Robert once tipped the scales at 610 pounds, but is now down to a svelte 155, thanks to gastric bypass surgery, healthy eating and exercise.

Talk about taking a load off!

Heart problems forced Robert, 37, to withdraw from Gordon Ramsay's popular Fox reality series in 2009, after appearing on seasons five and six.

"When I was younger, I was a heroin addict for 15 years, a thief, and even spent time in jail," the New

**Robert transformed his life after undergoing a sleeve gastrectomy**

**Gordon told Robert to shape up!**

Yorker told The National ENQUIRER exclusively.

"I then traded one addiction – drugs – for another: food! Soon I ballooned to the size of a baby whale. By the time I was 34, I had suffered three heart attacks!" he said.

"My last heart attack, in 2013, happened in front of my then 2-year-old son, Ayden. And to top it off, I almost fell on top of him, which could have crushed him!"

Robert said he finally realized he needed help, and underwent a life-saving gastric bypass surgery in 2014.

"I'm down to 155 pounds and have never felt better," he said.

Robert now works as a corporate executive chef on the East Coast and makes time to exercise at least five days a week.

"I would love to be on ('Hell's Kitchen') one last time, to show Gordon what I'm made of. The last time I was on, he told me to get healthy," Robert explained.

"It would be closure for me and all of the people who have been rooting for me."

## ALASKAN SHOW 'MOSTLY MADE UP!'

**D**ISCOVERY Channel's reality hit "Alaskan Bush People" captured record ratings featuring a family so far off the grid they behave like wolves. Too bad most of it is fake!

The producers claimed Billy Brown, his wife, Ami, and their seven grown children often go six to nine months of the year without seeing an outsider, and developed their own language.

The sons supposedly hunt for caribou and for women, referred to as "potential mates."

But a National ENQUIRER investigation found the show was shot in a residential subdivision in Alaska's Copper River Valley, about a quarter-mile from one of the state's busiest roads!

What's more, the Browns had a large production crew – and ate at the local pizza joint!

"Most of this stuff was just made up," Grizzly Pizza owner Billy Williams told The ENQUIRER.

"Discovery did have them live in a shack while they filmed them building a house. They

never finished building it or lived in it. When it started snowing, they left with the crew."

There are also claims the Browns don't even live in Alaska!

In October 2014, a Juneau grand jury charged Billy and five other family members with trying to scam a fund that distributes oil revenues to residents.

An Alaska Department of Revenue official said the clan spent more than 180 days a year outside Alaska and lied about it on application forms! **NE**

**Pontiff's accused of covering up  
MURDER & SEX CRIMES**

**B**ASEMENT exorcisms in Vatican City, mass murder and sexual abuse are some of the shocking secrets Pope Francis is hiding from America, The National ENQUIRER has learned in a world exclusive investigation.

As the 78-year-old pontiff begins a historic visit to New York, Washington, D.C., and Philadelphia beginning Sept. 24, sources in Rome have claimed he's covering up a string of scandalous crimes.

Documents seen by The ENQUIRER accuse His Holiness – born in Argentina as Jorge Mario Bergoglio – of betraying two priests to the right-wing regime that murdered as many as 30,000 dissidents during his country's "Dirty War"!

The papers include a 27-page report from 1977 in which Father Orlando Yorio claimed he and Father Franz Jalics were captured and tortured after pleading for help from Father Bergoglio, who

– Detenido en la Escuela de Mecánica de la Armada 24/5/76

Sospechoso contacto guerrilleros

**NB:** estos datos fueron suministrados al señor ORCOYEN por el propio Padre BERGOGLIO firmando de la nota con especial recomendación de que no se hiciera lugar a lo que solicita

was then head of the Jesuit order in Argentina.

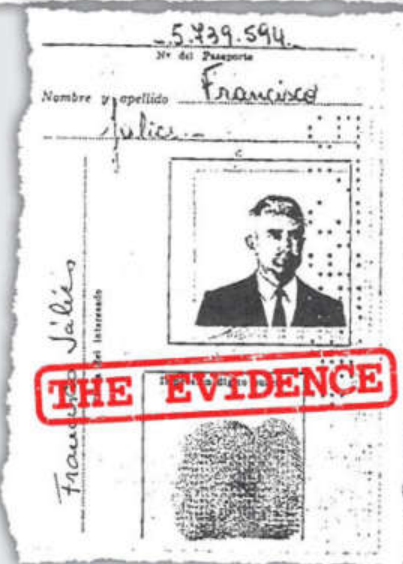

According to Orlando's report, the priests begged the Pope-to-be to protect them after their work with the poor raised suspicions that they supported left-wing guerrillas. He charged that Father Bergoglio not only didn't quash the rumors, he spread them!

"We began to suspect his honesty," Orlando wrote.

Soldiers seized the pair in 1976. Orlando said guards accused him of being a guerrilla and "having sexual relations with a female catechist."

He wrote: "For five months, Father Jalics and I were chained by the feet and hands and had our eyes covered.

"The first four or five days I went without eating, without drinking water, without going

to the bathroom."

After Orlando passed away in 2000, his family gave his report to a human rights activist.

The man showed both the report and papers from Argentina's Ministry of Foreign

Affairs to The ENQUIRER's investigative editor, Sharon Churcher.

While Pope Francis has denied the allegations, The ENQUIRER also learned he has allegedly continued to cover up the Vatican's dark history of sexual abuse!

The tenure of his predecessor, Pope Benedict XVI, was marked by scores of pedophilia accusations against the Catholic Church.

"Francis has learned a lot more of the sordid sexual abuse secrets since becoming pope," a Rome source told The ENQUIRER.

In addition, sources said Pope Francis is encouraging more exorcisms than ever.

"Some even take place in the basement of his holy headquarters," according to an insider.

Added the source: "Francis is a huge fan of exorcisms. He loved the 2011 movie 'The Rite,' starring Anthony Hopkins as a Jesuit exorcist." **NE**

# SHILOH ONLY ANSWERS TO THE NAME JOHN!

**A**NGELINA Jolie and Brad Pitt have consulted a child expert about their daughter Shiloh's obsession with becoming a boy. The National ENQUIRER has learned.

The precocious 9-year-old answers only to the name John, sources said, and wants to follow the gender-bending lead of Caitlyn Jenner!

"Shiloh thinks that if a man can become a woman, then a woman can turn into a man," a family insider disclosed.

"To her it's a simple choice." The 1976 Olympic champion formerly known as Bruce, 65, went public with her transition to female, and starred in her own E! series, "I Am Cait."

But Brad also has wondered whether having two older brothers influenced Shi-

loh's gender preference, said the insider.

Meanwhile, "The expert told Brad that Shiloh dressed as a boy because 'that's the way she is,'" said the source.

"He said the worst thing to do would be to force Shiloh to wear dresses and play with dolls.

"But Brad and Angelina would never do that! They felt better knowing it was okay to let Shiloh pick out her clothes without making a big deal about it."

As The ENQUIRER has reported, Shiloh flat-out refused to play the part of a princess in Angelina's Disney movie "Maleficent," even though her superstar mom urged her to do it.

Instead, sources said Shiloh wanted to play a boy's role, or even a monster.

The ENQUIRER has also previously reported Shiloh's fixation on dressing and acting like a boy had caused friction in the Jolie-Pitt household.

While Brad, 51, and Angelina, 40, both support their daughter's fashion choices now, we disclosed in 2010 that Brad was furious at the actress for allowing Shiloh to sport a short haircut and wear boys' clothing.

And in December 2011, we revealed that Brad "flipped out" when he saw Shiloh dressed in an outfit belonging to her older brother Pax, who is now 11.

"Brad and Angelina were only coming from a place of love, and wanting the best for Shiloh," said the insider.

"They want her to feel loved and secure."

Also according to the insider, the expert told the celebrity couple that their nomadic lifestyle, including uprooting their brood to go on location for film shoots, prevented Shiloh from interacting with

# AS DAUGHTER, 9, REVEALS SHE WANTS TO BE A BOY

peers her age in a traditional school setting.

The source said: "All six kids are tutored. It's crucial at this stage in Shiloh's development that she be with as many other kids as possible.

"Being home-schooled and tutored is keeping her world very small."

The expert also advised the superstar parents that while Shiloh wants to be a boy now, she could very well embrace her femininity when she enters her teen years, said the source.

"Meanwhile," added the family insider, "Angelina is very accepting of Shiloh's choices, but Brad can't wait for Shiloh to outgrow her 'boy' obsession." **NE**

## Angie 'just laughs when Shiloh plays soldiers'

**W**HEN encouraging daughter Shiloh to make her own fashion choices, Angelina believes she's simply letting the 9-year-old exercise her right to choose!

But as The National ENQUIRER has previously reported, Shiloh's relentless interest in being a boy has

become a bone of contention between Angie and her husband.

"Brad doesn't think Angelina is providing Shiloh with enough feminine influence," said a source.

"He's all for their kids expressing themselves, but he's worried that Shiloh is looking and acting like

'daddy's little boy!'

"Either consciously or subconsciously," explained the source, "Angelina is encouraging her obsession."

"Brad gets angry with Angelina because she just laughs it off when he brings it up. If Shiloh wants to dress like a boy, that's just fine with her mom."

## Super cyber SENIORS!

KEEPING up with modern technology will keep your mind sharper longer! A recent study by the International Institute for Applied Systems Analysis showed that people over 50 are performing better than ever when it comes to memory and reasoning. Researchers credit the boost to delaying retirement and keeping the mind working. The findings also indicate

that seniors are staying on point by utilizing computers and cell phones!

## GET FIT PSYCHOLOGICALLY!

MOST of us take better care of ourselves physically than we do mentally. One main reason is we don't know how to nurture our mental health! But it's easy to do with these simple tips. Don't downplay your personal achievements. Recognize how valuable you are to others. Don't criticize yourself too harshly. Spend time with positive people. Life is too short to hang out with folks who bring you down. Make sure to take vitamin B12. A deficiency can trigger depression or anxiety.

## Some dry advice

**W**HEN it comes to drinking eight glasses of water a day, science isn't so sure. Health experts now say that might be a medical myth – and refer to recommendations from as far back as 1945, when the Food and Nutrition Board declared that people need 2.5 liters of water a day. But that report also noted: “Most of this quantity is contained in prepared foods!” So stay hydrated while enjoying the very natural benefits of water, but don't drown yourself!

## LOSE WEIGHT AND SLOW ALZHEIMER'S

THE latest skinny on Alzheimer's disease shows that obesity at age 50 speeds its onset. Researchers found that subjects who were overweight or obese in midlife – defined as having a body mass index of 25 or over – were likely to develop Alzheimer's about six months sooner than participants at a healthy weight. Today, about 5 million people in the U.S. are stricken with Alzheimer's. With no cure in sight, experts are focusing on methods to at least delay the disease, and lifestyle changes are seen as the best possible options.

## INHALE THIS GOOD NEWS!

**F**EELING run down? Take a deep breath! Most people never think about how they breathe, but experts agree that breathing deeply plays a key role in healthy living. If you're sighing more than usual, it probably means your body is worn down from compensating for the oxygen that you lose by holding your breath too much. If you're yawning frequently, that means your breathing is too shallow. If you're chronically tired, you're probably breathing inefficiently and not getting enough oxygen. To feel a difference, deepen your breathing by prolonging your exhalation a few seconds.

## SLEEP ON THIS!

IN TODAY'S 24/7 world, we constantly try to get by with less shut-eye. But not surprisingly, new research shows skipping sleep adversely affects your health. People who sleep more than seven hours a night are four times less likely to catch a cold than those who sleep less than six hours, according to the September issue of the journal Sleep. In fact, lack of sleep has passed age, stress levels and whether someone is a smoker in predicting the risk of colds! Finally, a legitimate medical reason to be late for work in the morning!

"He's been telling his mom, Gloria, that she's the one," a source close to Bradley told The National ENQUIRER.

"And his mom loves her, too!"

The Coopers – who hail from suburban Philadelphia – have spent summers in nearby Brigantine since the '60s.

Spies said Bradley and Irina also got comfy at a local seafood eatery for a friendly family dinner.

### MAD MAN BOOZED BECAUSE HE WANTED A BABY!!

JON Hamm and Jennifer Westfeldt's relationship disintegrated after they fought furiously over his heavy drinking and his wandering eye – and because HE wanted to start a family and SHE didn't, sources told The ENQUIRER.

"Jennifer tried to get Jon to straighten up his act for years, but he wouldn't hear of it," said an insider.

"Jennifer was also tired of him eyeing other women, especially when he was half in the bag!"

"But Jon was upset with Jennifer because she never wanted to have a baby with him.

"They were at one function together and Jon made a beeline for a woman with an infant child and said, 'Boy, would I like to have one of those!'"

# SURVIVE WHILE YOU'RE UNEMPLOYED

## Top strategies to make ends meet without an income

LOSING a job is definitely scary! So is staring at a growing pile of bills. You need to know how to keep up without going under until a new boss says, "You're hired!" "The most important thing is not to panic," said Jeffry Rabenda, retired accountant for financial giant Merrill Lynch. "Remember it's only temporary."

## ■ APPLY IMMEDIATELY FOR UNEMPLOYMENT

No matter the circumstances of your termination, file anyway. Each state has different rules and regulations, and most are willing to work with you.

## ■ MAKE SURE YOU HAVE HEALTH INSURANCE

If you were covered through your job, purchase coverage under COBRA (Consolidated Omnibus Budget Reconciliation Act). If you can't afford it, buy a low-cost temporary policy with a high deductible.

## ■ CREATE A SURVIVAL BUDGET

The experts at debt.com, an organization that helps Americans stay afloat financially,

said the guiding principle of a survival budget is to take care of your family first and your creditors second.

## ■ NEGOTIATE WITH YOUR CREDITORS

"If you can't make your payments, contact creditors," said Jeffry. "Most of them, especially your mortgage holder, will work with you to lower or defer payments and interest."

## ■ TRIM YOUR GROCERY BILL

If you're not a coupon clipper, get out a pair of scissors and start! Watch for sales and stock up on staples in bulk.

## ■ CUT UNNECESSARY SERVICES

You can live for a while without premium cable channels, takeout food, dining out or club memberships.

## ■ EXPLORE OTHER SOURCES OF INCOME

Consider tapping into your 401K or borrowing from a life insurance policy. **NE**

(Remember to visit the individual websites for full details on each product.)

## 1 Growth Hormone: The Long-Awaited "Fountain of Youth"?

Everybody's talking about human growth hormone (hGH). It's been featured on *The Doctors*, *The Today Show*, *Good Morning America*, *Fox News*, and *CNN*. *Allure* magazine, in its "Anti-aging Special" issue, highlighted growth hormone as its year-end call-out. *Shape* magazine began a recent growth hormone article with the provocative lead in: "When you see a 50-year-old actress who can pass for 35, you can bet that good genes aren't the only things responsible for her youthful glow." But when the internationally famous medical TV host himself told his audience about an oral compound that's been proven to increase mean, serum (blood) growth hormone levels by 682% and said, "I have been searching for this from the day we started the show. I've been looking for ways of increasing hGH naturally because I don't like getting the injections..." OMG! Almost immediately, this underground "miracle pill" became a full-blown "anti-aging" phenomenon.

The compound is being sold under the trade name SeroVital<sup>®</sup>hgh, and it's quickly gaining an almost "cult-like" following because, let's face it... something that may have the power to reduce wrinkles, tighten saggy skin, decrease body fat, increase lean muscle mass, boost energy, rev up sex drive, and make you look and feel decades — not years, but DECADES — younger is, at the very least, irresistible... especially when it's protected by not one but **ten** U.S. Patents.<sup>†</sup> But is there a catch? Find out all the details at SeroVital.com. Can't wait to try it yourself? It's currently available at all Ulta stores, Kohl's, select GNC locations and direct from the manufacturer at 1-800-567-1277 or SeroVital.com. # 3 The European Wrinkle Pill!

What if someone told you that you could take a simple pill and grow new, younger, vibrant-looking skin? Sounds like something from a sci-fi novel, right? Well... this European research breakthrough is backed by gold-standard science, and it's available now. It's called UniLastin™, and industry insiders are convinced it's going to completely change the way we care for our skin.

This exciting, patented new complex literally helps replace the saggy, wrinkled, old-looking surface with new, youthful, radiant-looking skin... making it thicker, denser, and firmer, increasing both collagen and elastin, and even decreasing the depth, width and length of wrinkles. Your skin will not only look younger... it will actually be younger!

And because it's an oral compound that works systemically (throughout the entire body), it has the inherent capacity to improve the skin all over... not just on your face, but from the end of your nose to the tips of your toes!

It's sort of like a facelift for the entire body... actually changing and improving the structure of your skin as it repairs itself from the inside out. Get all the facts at [UniLastin.com](http://UniLastin.com). Can't wait to try it? Order

# 4 Is stress making you look older?

As if we didn't already know that stress makes you feel old, researchers have finally tied stress (even everyday, "ordinary" stress) to the rate at which our skin ages (it has to do with something called "accelerated telomere" [pronounced TEL-oh-mere] shortening... learn more at [Relacore.com](http://Relacore.com)). The best way to slow down stress-related skin aging? Relacore® Extra. For those of you unfamiliar with it, Relacore Extra is a super popular anti-stress, feel-good pill most well known for its ability to reduce stress-related "belly bulge" (that's why it's called "America's #1 selling belly fat pill" AND the reason why the best place to find it is in the weight-control section of your local Walmart, RiteAid and Target store). Nevertheless,

as more and more beauty editors are touting Relacore Extra as the new skin-care "must-have," Relacore Extra is being "reborn" as an anti-aging staple (oh, and the reduction in stress-related belly fat is a bonus!). About \$29 USD (extremely affordable) at smarter retailers nationwide, direct from Carter-Reed at 1-800-314-9133 or online at [www.Relacore.com](http://www.Relacore.com). It's called, what else, Bremenn Clinical's Dark Spot Eraser™. Dark Spot Eraser contains a powerful combination of super-effective skin lighteners and pigmentation modifiers that not only helps reduce the appearance of existing dark spots, but also addresses the appearance of future spot emergence, making it the ultimate solution for even the most serious dark spots.

Martin, who played an LAPD cop on "Adam-12," passed away on Sept. 6

# 'ADAM-12' STAR MARTIN'S SECRET ANGUISH

**T**HERE was a tragic secret "Adam-12" and "Route 66" TV star Martin Milner took to the grave, The National ENQUIRER has learned.

A pal said when he died of heart failure on Sept. 6 at age 83, the actor had never gotten over the death of his daughter Amy, who died of acute myeloid leukemia in 2004!

"Before he passed away, Marty said he was 'not afraid of dying' because he was certain he would see his beloved daughter in heaven!" said the pal.

Martin, then 71, launched a nationwide search for a bone-marrow donor for his ill daughter when she was diagnosed in 2003.

"Marty did everything he could to save Amy's life. They got two good matches, but, sadly, it was not in time. Amy was beyond the point where she could have a bone-marrow transplant, and she passed away," the source said.

# BURT'S HEARTACHE OVER JUDY'S DEATH

Carne was one of his *great loves*

**B**URT Reynolds has been devastated by the death of ex-wife Judy Carne, The National ENQUIRER has learned.

A friend of the 79-year-old Hollywood superstar told The ENQUIRER: "Judy's death has crushed Burt! This could finally kill him!"

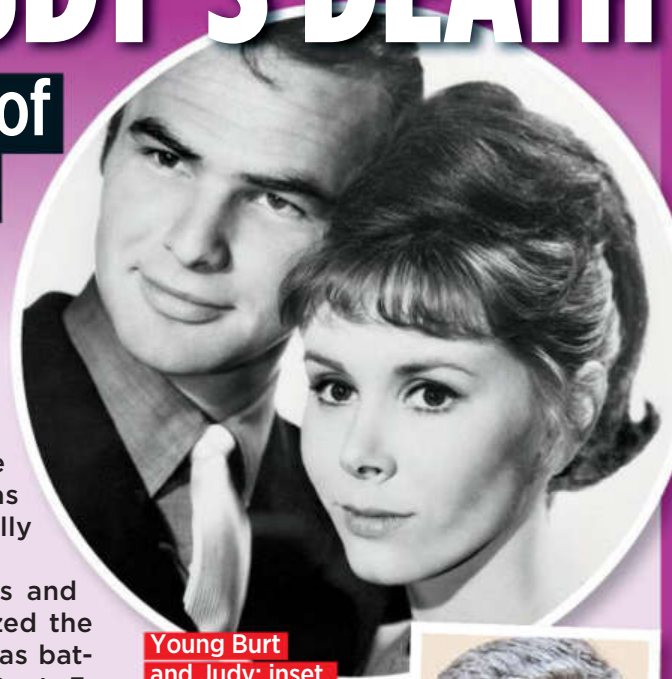

The British "Laugh-In" actress and comedienne, 76, who popularized the catchphrase "Sock it to me!" was battling pneumonia and died on Sept. 3. "Rowan & Martin's Laugh-In" aired from 1967 to 1973.

"This has hit him like a ton of bricks. For all the problems they had, Judy was one of the great loves of his life," said a source close to Burt.

"I think he held a torch for her, even after he married Loni (Anderson). And they both had to endure a lot of pain in their lives."

Judy's real name was Joyce Botterill. She married Burt in 1963, after they met on a flight to Florida the year before.

In her candid memoir, "Laughing on the Outside, Crying on the Inside," she recalled that Burt "swept me off my feet" during a cross-country

Young Burt and Judy; inset, a saddened Burt now

publicity junket.

But they had a tumultuous time together, and she claimed he beat her black-and-blue during the final year of their marriage in 1965 - driving her into the arms of another woman!

"Despite her descent into heroin addiction, Burt gave \$500 to her to enter a rehab program, then hired Judy back to work at his Florida dinner theater in the mid-'70s. He never lost faith in her," the source said. **NE**

## Broke Reynolds finally sells mansion ... at half price!

CASH-strapped Burt Reynolds finally got some relief from his money woes by selling his longtime waterfront Florida estate after slashing the price.

The 12,500-square-foot mansion had been his digs since 1980, but hadn't been updated in years. Said a realtor: "The house is in disrepair, greatly so."

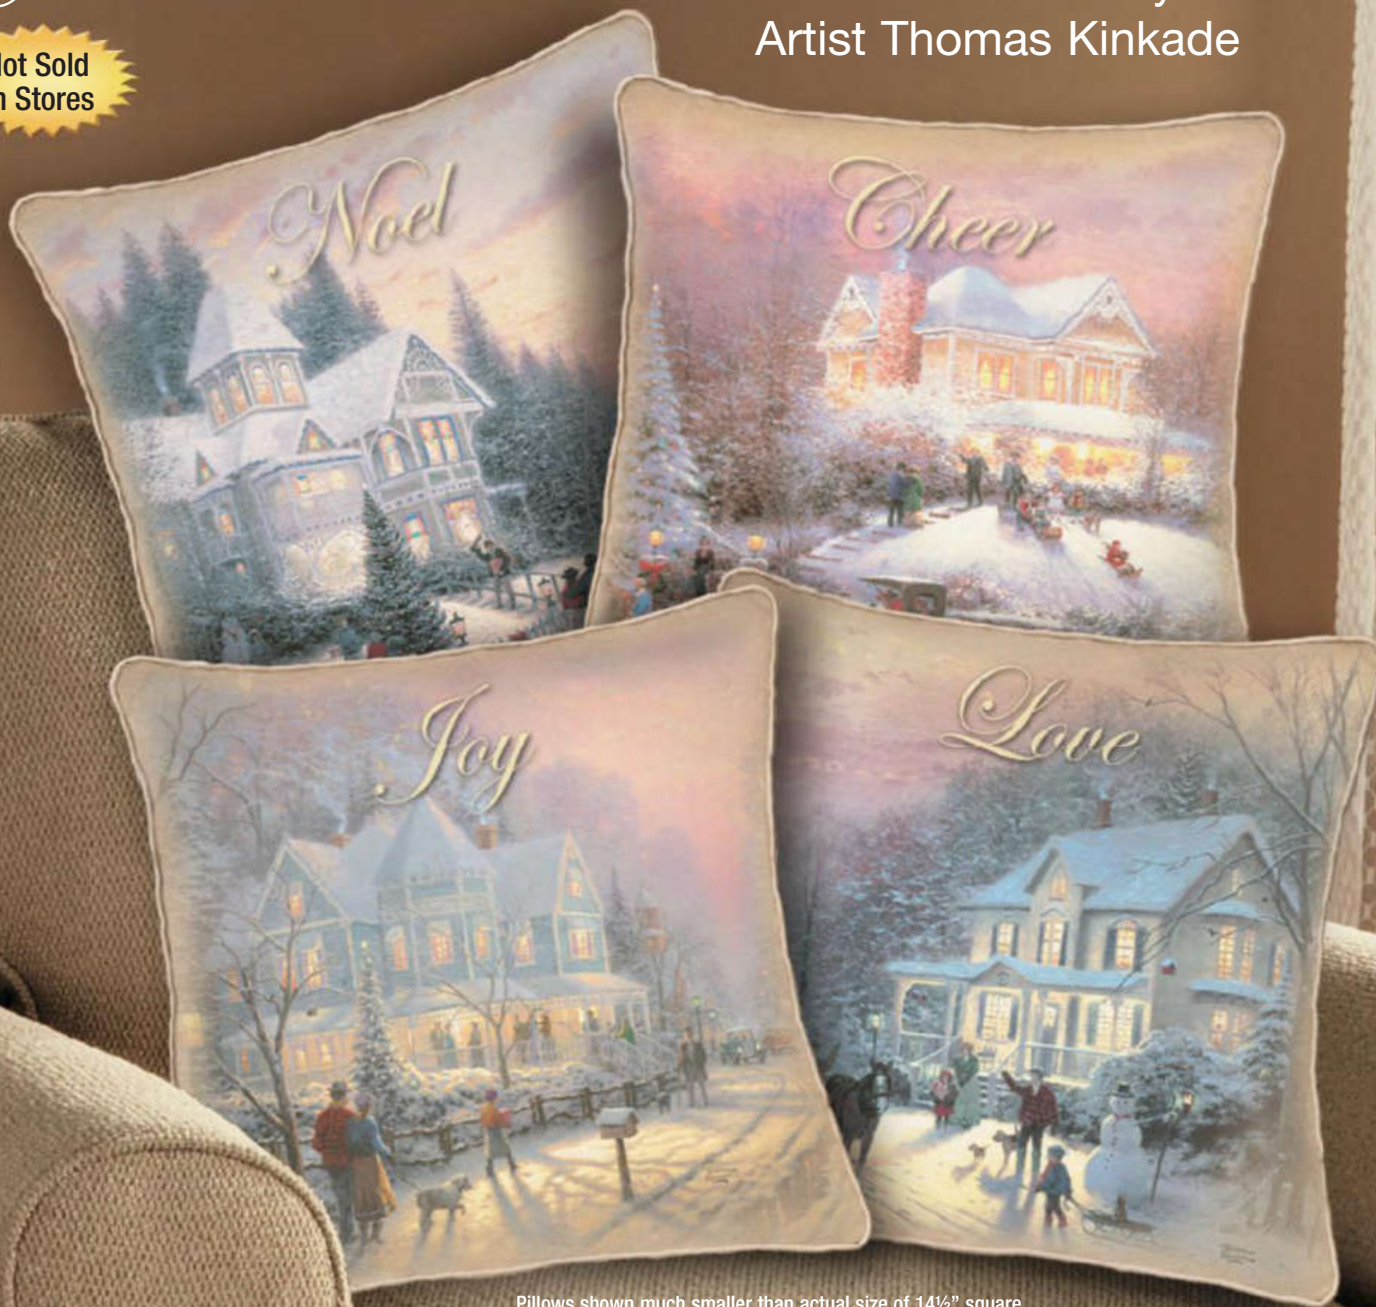

Once valued at \$6.4 million, Burt sold it for almost half of that - \$3.3 million.

# All The BUZZ

Enquiring minds want to know

## DAVID BECKHAM

9-1

This UK soccer superstar has an American following, courtesy of commercials and his marriage to Victoria Beckham – but all the Bond talk seems to come from his PR firm!

## MICHAEL FASSBENDER

15-1

This intense German-Irish actor is still mostly known for indie films, but his work as Magneto in the “X-Men” movies has attracted some powerful fans.

## HENRY CAVILL

8-1

The “Man of Steel” star had a better shot at a third franchise before his spy-turn in this summer’s “The Man from U.N.C.L.E.” bombed at the box office.

## TOM HARDY

3-1

He’s British, he’s handsome and he’s coming off a wild turn in this year’s bizarre action epic “Mad Max: Fury Road.”

## IDRIS ELBA

4-1

He’s gotten American exposure in “Avengers: Age of Ultron” and the hit cable show “The Wire” – and a very vocal fan base has been screaming that Idris is the man to shake up the Bond franchise!

## DAMIEN LEWIS

6-1

He’d start as one of the older Bonds at the age of 44, but the British “Homeland” star remains a fan favorite.

# Betting on the next Bond!

**D**ANIEL Craig has hinted he’s ready to give up the James Bond franchise after his fourth spy film “SPECTRE” opens on Nov. 6 – and gambling spots are already drawing plenty of action on who will become the next action star!

The entertainment world is both shaken and stirred by speculation about who’ll be the next actor to take on the iconic role.

The field has never been more wide open. The debate used to be whether an American could play the British super agent – but now Hollywood is open to more diversity than ever in the Bond biz!

So take a spot at the table and speculate on the odds for these seven big names being talked about for the role of 007!

– DAVID LARIVIERE

## DANIEL CRAIG

8-1

Don’t count out Daniel – who might want to return for at least one more turn if he’s paid a few more millions!

## Warm up in Splitsville!

**I**T'D be a really cold winter if divorced celebs Melanie Griffith and Antonio Banderas tried sharing their ski resort in Aspen, Colo.!

But now you can rent the villa for a mere \$65,000 a month!

The spacious compound has 12.3 acres that include a main house, a guest house and an extra cabin. That adds up to seven bedrooms and eight baths!

There's nothing rugged about the living though, with incredible lighting, even better views and a two-story fireplace that will warm you at the end of a day on the slopes.

And if you have the money, it's yours for just \$8.9 million!

## Delivery DIET

**K**ELLY Clarkson is betting on her boobs – and new baby – to lose the baby weight!

An insider told All The Buzz the country/pop crooner, who announced her second pregnancy last month, is talking up the weight-loss benefits of breastfeeding – which can burn up to 500 calories a day!

“Kelly says breastfeeding her first child made a big difference,” said our source. “So she’s telling everyone she’ll soon be back in shape!”

## Shock treatment!

**R**OCK star Alice Cooper said he’ll scare Johnny Depp straight!

The troubled actor is going on tour as a guitarist with the shock-rocker – but insiders told All The Buzz the shows are also an intervention!

“Johnny was forced to get sober after his constant ‘accidents’ made his new ‘Pirates of the Caribbean’ film go over budget,” revealed an insider.

“He straightened up, but Johnny’s put on weight and is bored to death!”

Now his pal Alice, who’s a proud recovering alcoholic, plans to show Johnny that you don’t have to be drunk to live like a wild man – by taking him on tour with his band!

“Alice is going to help Johnny lose that weight by getting him out on the golf course,” said the source.

## Foul ball!

**D**EREK Jeter has dated big names like Jessica Biel, Scarlett Johansson, Minka Kelly and now Hannah Davis – but a new book says the ex-New York Yankee plays both sides of the field!

Disgruntled former Yankees assistant equipment manager Paul Priore has rocked the world of baseball with his self-published book, “Abused by the New York Yankees,” in which he claimed he caught Derek and teammate Jorge Posada at the clubhouse “rubbing their bats together in the sauna!”

That means exactly what you think it means, with Paul adding that Derek and Jorge then made it a threesome to keep things quiet!

There hasn’t been any official denial, but one of Derek’s pals told All The Buzz: “We don’t know anyone who’s taking this seriously – but we know a lot of famous ladies that Derek could’ve been caught with!”

## Classic ENQUIRER

THE world was mourning the loss of Patrick Swayze this week in 2009, but only The National ENQUIRER was there to report the “Dirty Dancing” star’s brave moments. We took people inside Patrick’s ranch outside of L.A., where the star finally lost his battle with pancreatic cancer – assuring his family: “I’m not afraid to die. I’m going home.”

## Big fat feud!

**G**ET ready for dueling domestic divas!

All The Buzz was there when Martha Stewart took a bitter swipe at former protégé Bethenny Frankel, founder of Skinnygirl Cocktails, during a recent NYC book signing!

Martha was promoting her new book, “Appetizers,” and discussing drinks when she proclaimed: “Don’t use a mix, and don’t buy Skinnygirl!”

# MAKE SURE YOUR LOVED ONE IS SAFE

## When You Can't Be There 24/7, We Will Be

"I did not wake up when my husband called to me...nor when the alarm went off. Your employee activated the alarm...and stayed on the phone with my husband until the paramedics arrived. My husband wears his Medical Alert always and we both feel so much more secure knowing that a person will be there for us. I heartily recommend the Medical Alert button for everyone."

— Carol C., Wife

"I wish to thank you for saving my boyfriend's 90 year old mother this week. She is going blind and has balance problems...and this week she took a very bad fall...and hit her head very hard. She's a very tough lady, and managed to bite down on the wrist monitor she wears and received quick response, because she had the BEST COMPANY protecting her. From the bottom of my heart, we want to thank everyone at Medical Alert... the system really works well!"

— Judi M., Daughter-In-Law

**FREE

"I was out of town with no cell phone reception and the 2nd contact (a neighbor) was on vacation when my mother fell and hit her head. She pushed the Medical Alert button, who promptly called us, and when we didn't answer, contacted the local fire department. Mom would have laid on the floor for two days before I got home and probably would have bled to death without her button. Medical Alert saved her life."

— Frances A., Son

"Liz was having heart failure and we pushed the button. We had help in less than 10 minutes! Liz is 95 years old and loves her help on call. Thank you for saving my clients!"

— Peggy R., Caretaker

We know you want to be there for your loved ones, but sometimes it's hard to juggle all your responsibilities. With Medical Alert they get round the clock monitoring and simple push button calls to our emergency operators. You get peace of mind knowing someone is always there.

**♌ LEO JULY 23-AUG. 23** A secret will be revealed and as tempting as it is to share it, you should remain tight-lipped. If anything gets out, fingers will point your way. Others rumors fly this week. **Lucky Numbers:** 13, 16, 29

**♍ VIRGO AUG. 24-SEPT. 22** Lucky aspects push you closer and closer to your destiny. With fate in the driver's seat, you are being asked to sit back and allow things to manifest. Don't try to micromanage now. They are bigger than you! **Lucky Numbers:** 1, 10, 11

**♎ LIBRA SEPT. 23-OCT. 22** More people support your ideas than you realize. Someone has a hidden agenda at work but you will not be duped, no matter how hard they try to take advantage of your kind nature. Check your lottery tickets! **Lucky Numbers:** 12, 23, 41

## ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding, but often puzzling, experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

**FELINE VESTIBULAR DISEASE** Our cat has suddenly lost her balance. Her head tilts, her eyes twitch and she staggers around. She has improved a little since it started. Help!

These signs are most often caused by a middle ear infection or idiopathic vestibular disease. Rarely, the signs can be the side effect of certain drugs. An examination by your vet is in order. If no drugs are involved and your vet eliminates an ear infection, the cause is most likely idiopathic vestibular disease. The improvement you observed is actually compensation as the

loss of balance will be lifelong. No treatment is available, but most cats can continue to live safely and comfortably indoors. You may need to alter the placement of your cat's food and water, and cut down the side of her litter box to make entering it easier for her.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email [letters@nationalenquirer.com](mailto:letters@nationalenquirer.com).

### HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

## DOCTOR'S MEMORY BREAKTHROUGH

# New Discovery for People with Failing Memory

World's Leading Brain Expert and Winner of the Prestigious Kennedy Award, Unveils Exciting News For the Scattered, Unfocused and Forgetful

By Steven Wuzubia  
Health Correspondent;

**Clearwater, Florida:** Dr. Meir Shinitzky, Ph.D., is a former visiting professor at Duke University, recipient of the prestigious J.F. Kennedy Prize and author of more than 200 international scientific papers on human body cells. But now he's come up with what the medical world considers his greatest accomplishment — A vital compound. so powerful, it's reported to repair... even regrow damaged brain cells. In layman's terms — Bring back your memory power. And leave you feeling more focused and clear-headed than you have in years!

Dr. Shinitzky explains this phenomenon in simple terms; "Science has shown when your brain nutrient levels drop, you can start to experience memory problems and overall mental fatigue. Your ability to concentrate and stay focused becomes compromised. And gradually, a "mental fog" sets in. It can damage every aspect of your life". Not only do brain cells die but they become dysfunctional as if they begin to fade away as we age. This affects our ability to have mental clarity and focus and impacts our ability to remember things that were easy for us to do in our 20's and 30's.

Scientists think the biggest cause of brain deterioration in older people is the decreased functioning of membranes and molecules that surround the brain cells. These really are the transmitters that connect the tissues or the brain cells to one another that help us with our sharp memory, clear thinking and mental focus, even our powers to reason well. "When we are in our 20's" according to Dr. Shinitzky "our body produces key substances like phosphatidylserine and phosphatidic acid"...unfortunately they are believed to be critical essential nutrients that just fade away with age, much like our memories often do leading to further mental deterioration.

As we get older it becomes more frustrating as there is little comfort when you forget names... misplace your keys... or just feel "a little confused". And even though your foggy memory gets laughed off as just another "senior moment," it's not very funny when it keeps happening to you.

## The Missing Link is Found and Tested

It's hard to pronounce that's for sure, but it certainly appears from the astounding clinical research that this

one vital nutrient phosphatidylserine (PS) can really make a huge difference in our mental wellness. 17 different double blind studies with placebo controlled groups have been involved in the clinical research of PS with patients between the ages of 55-80 years of age. Periodically the researchers gave these patients memory and cognitive tests and the results were simply amazing:

- 1) *PS patients outperformed placebo patients in All 5 Tests - 100% Success Rate*
- 2) *After only 45 days there was a measurable improvement in mental function*
- 3) *After 90 days, there was an impressive and amazing improvement in mental function*

The group taking phosphatidylserine, not only enjoyed sharper memory, but listen to this... they were also more upbeat and remarkably more happy. In contrast, the moods of the individuals who took the placebo (starch pill), remained unaffected....no mental or mood improvement at all.

## My Memory Started to Scare Me.

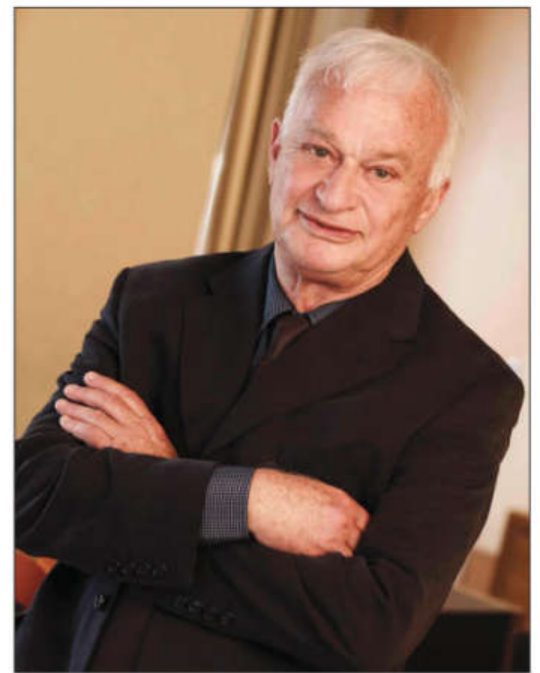

I would forget all kinds of things and something that I just said earlier in the day would have completely slipped my mind. I almost forgot my granddaughter's birthday and that would have been horrible. I had forgotten lots of other little things along the way. I was worried about it.

Over the last several months I've noticed my memory seemed to be getting pretty unreliable and so I thought I'd better do something about it now. So when I read about this amazing PS nutrient and how much it would help me with my memory I wanted to try it.

It's great! I have actual recall now, which is super. After about 6 weeks of taking it on a daily basis is when I began to notice that I wasn't forgetting things anymore.

Thanks to PS for giving me my memory back. It's given me a lot more self-confidence and self-esteem. I would not trust my memory without it.

## Vital Nutrient Reverses "Scatter Brain"

This incredible PS nutrient feeds your brain the vital nutrient it needs to stay healthy... PS now has the attention of some of the world's most prominent brain experts. It has been written up and published in leading science and medical journals and its findings have electrified the International scientific community.

## Earth-Shaking Science

Published, clinical reports show replenishing your body's natural supply of Phosphatidylserine, not only helps sharpen your memory and concentration — but also helps "perk you up" and put you in a better mood. PS as it turns out also helps to reduce everyday stress and elevate your mood by lowering your body's production of the hormone cortisol. When cortisol levels are too high for too long you experience fatigue, bad moods and weakness. This drug-free brain-boosting formula enters your bloodstream fast (in as little as thirty minutes).

Officially Reviewed by the U.S. Food and Drug Administration: Lipogen PS Plus is the ONLY Health Supplement that has a "Qualified Health Claim for both Cognitive Dysfunction and Dementia".

Lauren Williams  
flaunts her  
49-inch legs

# LAUREN'S SOME-PIN ELSE!

6-foot-2 Texas  
model has longest  
legs in America!

**T**HEY grow 'em big – and long – in Texas!

A model from Houston named Lauren Williams is making her home state proud by sporting America's longest pair of legs!

"I definitely get those 'wow-factor' kind of eyes from people," Lauren laughed. "And it's definitely jump-started my modeling career!"

The 26-year-old's stems account for over 4 feet of her 6-foot-2 frame, and those 49 inches of gams have kept her in demand ever since she began working in front of the camera.

Lauren's family saw it coming, too: Her father stands 6-foot-6 and her mother is a statuesque 6 feet tall!

"Before I hit high school, I hit 6 feet," said Lauren. "And *then* I grew up a few more inches!"

Lauren's stature made her a volleyball champ in college, but she wasn't expecting her legs to pay off so well once she began modeling. "I don't recall a time when I realized I had such long legs," she added.

Lauren's legs are officially measured from heels to hips – and that's how she rose to the top of this week's Odd List! **NE**
